

# PIP & SQUEAK'S CHEESE STACK

**For 1-4 Players, Ages 3+**

**Contents:** Two wooden mouse pieces, 20 wooden cheese wedges and rules for three games.

Pip & Squeak are the hungriest mice ever! Help them collect cheese wedges in three fun games!

## **Cheese Stack (For 2-4 Players)**

Place Pip (the **blue mouse**) in the centre of the play area. Divide the cheese wedges among all the players evenly. If you have any extra cheese wedges, put them aside. Take turns placing a single cheese wedge on top of Pip. If any pieces fall during your turn, you must take them and end your turn. Place all of your cheese wedges on Pip first and win!

## **Oops-a-Cheesy (For 1 Player at a Time)**

Place Pip (the **blue mouse**) in the centre of the play area. To warm up, stack 2 cheese wedges on top of Pip and then place Squeak (the **red mouse**) upside-down on top.

As shown in the pictures above, grab each mouse and carefully turn the entire stack over without losing any cheese wedges! Now try to add another cheese wedge and do it again. How many can you do!?

# PIP & SQUEAK'S CHEESE STACK

## Arch Rivals (For 2 to 4 players)

This is a cooperative game where more than one set of hands help! Can you work together to make a huge arch of cheese between Pip & Squeak and stand it upright!?

Here are some tips:

- 1) Build the arch with the cheese wedges slightly staggered from one to the next, as shown.
- 2) Build the arch on a carpeted surface as shown. This will help keep Pip & Squeak from sliding around once you attempt to stand them up.

3) Work together to carefully stand up the arch and mice without any pieces falling. Everyone wins when you create your cheesy Arc de Triomphe!

## Pip & Squeak's Cheese Stack improves:

- hand-eye coordination
- fine motor skills
- cooperation skills and patience
